

Plainfield High School to Middle School

Plainfield, IN
One story
234,000 square feet
\$10,000,000.00
Construction phased from
2005 - 2009

Plainfield High School converting to a Middle School. MNA assisted Plainfield Community Schools in programming the facility for grades six through eight. Master planning for renovation work was staged over several summers to allow the school to remain functional and occupied.

Decommissioning a centrally located pool, separating the school property from the town's overloaded storm system, relocating kindergarten classrooms to three elementary schools, and interior remodels of the High School were all part of this project.
